How our Priority Services can help

Letting you know about upcoming work

We can call or text you to let you know what's going on, if you'd prefer this to letters or information cards.

Help with meter readings

If you find it difficult to read your meter, we can help to read it for you.

Allow someone else to manage your account

We can help you set up a friend or relative as your 'nominee' so they can help to manage your account and receive bills for you.

Not sure who's at the door?

Anyone who visits you and says they work for us will have an identity card, which they'll be happy to show you. (They'll never say they're from the 'water board').

We can also set up a password, which anyone visiting you will know. So you can be sure that they really work for us.

Help if your water goes off

We'll contact you if your supply is affected by an emergency or for planned repairs, and deliver bottled water if needed.

Braille, large print, and audio

We can send out your bills in any of these formats, if it makes life easier for you.

Sign Language Live Interpreter

British Sign Language users can contact us through the InterpretersLive! Service. Download the app or book an appointment at [anglianwater.co.uk/bsl](https://www.anglianwater.co.uk/bsl)

To double-check, call us on **0800 145 145** and we'll be able to describe the visitor and tell you a code number. The person at the door will know this number - just ask them.

And if you're still not sure, simply shut the door and call us. If they work for us, they'll understand and be happy to wait while you check.
