

Good Afternoon,

Please see the attached documents for the Lincolnshire Youth Commission Service Recruitment.

The commission - made up of 28 young people recruited from across the county – produced a valuable report setting out key priorities for young people which identified mental health issues, relationship with the police, education on abuse and safety at night. The report, written after consultation with 1,300 young people, was presented to more than 100 senior officers from councils, Lincolnshire Police and youth workers.

The recruitment has begun for this year's LYCS, it's a very exciting opportunity for the young people in our community; to get involved and have a say in the change in which they want to see happen.

If you have any questions, please do not hesitate to contact me!

Thank you,  
Kind Regards,

**Maisie McMahon**
